

Election Next Tuesday

CAMBRIAN SCHOOL GROWS BEYOND CENSUS FIGURES

About 1300 votes are expected to be cast next Tuesday in the Cambrian school district in an election authorizing an increase in the minimum tax rate so as to properly equip two new schools and carry on all lawful school projects. Delos Bagby, superintendent said that 2000 ballots will be at the polling place in the school with Genevieve Helmbold, Wanda Lühring and Evelyn Nigl as officers.

The proposal is to increase the tax base of 90c set in 1927 to \$1.50 in line with action taken by other schools. If approved the funds would not be available until February, 1956 at which time the 10-room Steindorf school will be in operation and another one off Dry Creek road on Custer street will probably be started. Bagby said this is an operation and maintenance tax increase.

The Cambrian school in six months time has already passed the two year projected fig-

ure for enrollment increase and is ready to set up a new estimate. On December 16th 1953 it was estimated the school would have 1284 enrolled by December 23, 1955, however the enrollment already is 1290. The enrollment jumped from 950 in June, and Bagby said it will probably be 1400 by June or an increase of 450 in one year's time. The new projected figure for December, 1956 will probably be between 1550 and 1600, however this will probably not be a true figure in that Cambrian Park Estates has scheduled 450 new homes by the end of 1955, the Leahy tract 176 new homes and the Westpark tract 200 homes or a total of 826 new homes within a year.

The school today has 800 students in double sessions. The situation will be somewhat relieved when the Steindorf school is completed in February, Bagby stated.

Campbell To Have 4 New Mail Trucks

Ira Grim, postmaster of Campbell, said today that four new Dodge panel trucks are enroute to Campbell from Detroit for use on

POSTMASTER IRA GRIM
... Announces New Policy

mounted routes 3, 4, 5 and 6, to relieve the rented trucks now in use here. The new trucks are painted red, white and blue and will probably be in service by December 15 in time for the Christmas rush.

The trucks are to have right side steering so that the mailman can reach the mail boxes more conveniently.

Drivers for the new trucks will be Carriers Richard Bebeau, Raymond McVea, Charles Scanlon and George Shoemaker, Grim said.

This will be the first time the Campbell postoffice has had its own government trucks in service.

It was at the Campbell postoffice however, according to Grim, that the first automobile was used officially for mail delivery in America. Ellis Preston drove a 1909 Paige car to replace a horse drawn vehicle, as an experiment to see if deliveries might be faster by car or by horse.

THANKSGIVING MESSAGE FOR KIWANIS CLUB

Back in the 18th century a Frenchman said, "America is great because it is good". Today, in spite of crime, juvenile delinquencies, T. V. and cinema congressional investigations of subversiveness, America is still basically good.

This was the substance of what the Rev. Henry J. Croes of San Jose told members of the Campbell Kiwanis Club at the noon meeting Tuesday, in a Thanksgiving message. He said that Thanksgiving is a religious festival which exemplifies spiritual rather than material life. He told of the many cases in which neighbors come to the aid of one whose home is lost in a fire, one in sickness or distress as proof that there is still much inherent goodness in America.

Program chairman was the Rev. Herbert Neale. The speaker is president of the San Jose Kiwanis Club.

Dick Kolte, honor student at Campbell High School, vice president of the Student Body Council and star athlete was guest of the club.

CAVA PROMISES TREAT FOR MUSIC LOVERS IN AREA

There is a treat in store for music minded people here when the Symphony Band of Memory Post 399 gives its concert December 10 in the Campbell High School Auditorium. Sam Cava, president of the Campbell Chamber of Commerce, will direct the band in its varied program of classical, semi-classical and popular music.

The program, designed to please everyone, includes selections from Rigoletti, Show Boat, and Carman, as well as the music of Victor Herbert and other well known composers. During intermission a community sing has been planned with a large number of songs familiar to one and all.

Three guest artists, well known in this area, will appear with the Symphony Band. They are Sam Garofola, Carmella Giacalone and Salina Profaizer. Garofola appeared recently in a concert at Montalvo with Miss Giacalone and sings with one of the Opera Companies. He now has the leading male role in the "Fortune Teller" which is soon to be presented in San Jose.

Salina Profaizer, a soprano, also has one of the leading roles in the coming "Fortune Teller" Operetta. The artists will sing semi-classical numbers in solo and duet from light Operettas.

The concert is being sponsored by the Campbell Chamber of Commerce who believes Campbell will turn out in large numbers for a good musical program such as this. Musicians of the forty-eight piece band are donating their time and officials of the American Federation of Musicians, Local 153, have given permission for their men to participate in the concert.

DISTRICT 4 HURT BY ANNEX PUSH

Officials of Sanitation District 4 and the city of San Jose are to set up a joint committee to study problems resulting from strip annexations. Stephen Goodman, District 4 manager, says strip annexations create a number of problems with the district which must be solved if the district is to operate efficiently and economically.

San Jose annexations in District 4 territory result in isolation of district territory from trunk sewers, inequitable use of district trunk sewers and disruption of extension reimbursement program, and the mis-use of district sewers for conveying storm water.

The committee is expected to meet December 6.

CHRISTMAS HELP NEEDED AT THE POSTOFFICE HERE

Applications are being taken today at the Campbell postoffice for Christmas season help according to Ira Grim, postmaster. Applicants must have passed their 18th birthday. Veterans will be given preferences.

Superintendent Henley Says:

CAMPBELL IS ONLY EXPLORING NEW SCHOOL-FOR-RETARDED PLAN

Campbell school officials are only exploring the possibility of operating a county school for backward children, at the suggestion of county Executive Frank Thill, according to William C. Henley, district school superintendent. The site would be on the county hospital grounds which are in the Campbell School district, but we want to know how much it is to cost and who is to pay the

cost, Henley said. The County school office qualified to run the project, but the state would prefer it be done by a district. Thill said he has sent details to Henley for consideration by the board. He said other school districts will contribute financially to the school operation. The Board of Supervisors has budgeted \$180,000 for the project.

CAMPBELL WINS SCVAL CHAMPIONSHIP

TONY SCHRAUB takes out after a pass in the second quarter of the "Little Big" game today as the Campbell Buccaneers gave the Los Gatos Wildcats a trouncing, 44-12, and captured the SCVAL championship. Referee is hot on Tony's trail. Los Gatos rooting section in the background.

HALF TIME and ready for the march in today's game are these majorettes, drum major and drill team members, the score board in rear showing 32-0 two minutes before end of the second quarter.

Bucs Win, 44 To 12, In Turkey Day Classic

Campbell scored a decisive victory today over the Los Gatos Wildcats, 44 to 12, in their annual football game, taking also the Santa Clara Valley Athletic League championship for 1954. The Bucs charged onto the field in the first quarter to run the score to 25-0 and added 13 more points in the second quarter to end the half at 38-0.

A crowd estimated at 4000 was on hand to cheer for both teams. The Bucs scored their first three touchdowns after recovering Wildcat fumbles, but there were three long field runs, Rylie for 74 yards, Kolte for 33 yards, and Callaway for 41 yards, which brought the Campbell fans to their feet like jumping jacks.

Eppie Gallego, diminutive Campbell quarterback, recovered a fumble in the second play of the game and the Bucs went 33 yards on six plays, Eppie going over from the one-yard line on a quarterback sneak, then Rex Kendall converted.

Roy Cureton recovered a fumble on the Campbell nine-yard line, then on three plays Campbell went over for the second touchdown with Russ Cahill carrying the ball. Campbell again recovered the ball after kicking off and the Cats having one scrimmage play; then the Bucs travelled 25 yards on seven plays, Jim Rylie going over for the touchdown from the one-yard line.

Gary Lukehart intercepted a pass on the Campbell 30 yard line. On the next play Jim Rylie found a hole and went 74 yards for a touchdown.

Campbell recovered on the kickoff, made two plays, then Tony Schraub hand passed to Dick Kolte who ran 33 yards to a touchdown in the closing seconds of the first half.

The Cats drew first blood as the second half started, a pass, Ogden to Young being good for a touchdown, and bringing the score to 38-6. Jan Kaezer took a pass in the end zone for the Cats' final tally.

Richard Callaway went through the visitors line and raced to the goal with the final touchdown for Campbell in the last quarter.

The win gives Campbell undisputed championship of the league. This was the fourth year in a row that the Campbell-Los Gatos game decided the championship. Los Gatos bowed out of the race last year 20-7, as the Bucs went on to a tie for the title.

Lick ended the 1954 season with a four-win, one loss, one tie average, as compared with five wins and one loss by Campbell.

Los Gatos has won 14 to six by Campbell in the "Little Big" games since they started in 1934, and there was one tie game.

Campbell's big year was in 1944 when Billy Wilson, present San Francisco Forty-Niner end, led the Bucs to a championship. That was the lone championship until 1952 and 1953, when the Bucs tied Fremont, 7-7.

Game Summary

1942—Los Gatos 25, Campbell 0
1943—Los Gatos 0, Campbell 0

Campbell Prepares For

Three Million Dollars In New Buildings In 1955

Chargin Says:

Winchester Road Needs Are Urgent

Councilman John Chargin, as representative of the city council, voiced opposition to a plan of the Inter-City Council on allocating county road funds on a per-capita basis, when city officials met with the Board of Supervisors Monday. Supervisor Joseph McKinnon shared Chargin's views.

Chairman Arthur Brown however promised to name a committee to consider the road plan which would obligate the county to spend \$1 per capita within each city.

County Engineer Leonard Bushnell said he opposes any diversion of funds until critical deficiencies in the county road system are controlled, and doesn't think this possible until at least 1957 at the present rate of financing.

Chargin reported to the city council Monday that Winchester Road improvement is a classic example of a need on the basis of the traffic load.

(See editorial on Page 2)

GRANGE ELECTS HERB SHADLE NEW MASTER

Officers for the coming year were elected Tuesday evening when members of Orchard City Grange No. 333 met in I. O. O. F. Hall. Herbert Shadle is the new Master of the Grange; Henry Anet, overseer; Josephine Biller, lecturer; Lester H. Strickland, steward; Mervin Keesling, assistant steward; Lucille S. Hoerler, chaplain; Owen Jones, treasurer; Sarah Blue, secretary; Elmer H. Hoerler, gate keeper; Catherine Halwell, cures; Bessie Merrill, pomona; Cora Kaufman, flora; Madeline Anet, lady assistant steward; Virginia Ruthford, musician; Guy Proctor, executive board member.

During the business session Robert Wurfer, grange community service contest chairman, reported receiving a gold seal from National Grange Master Herschel D. Newsom. Levy Richman spoke briefly of the national convention held in Spokane, Washington, reporting that at the convention 5045 members joined the Seventh Degree. Josephine Biller announced a Christmas Party is planned for the December 14 meeting.

Campbell Jaycees Plan 6th Annual Theatre Party

Plans for a Winter Sports Dance were made at the board meeting of the Campbell Junior Chamber of Commerce Tuesday with Orrin Accardi named as chairman assisted by Al Lupton and Ed Laney. It is to be at the San Jose Trap and Skeet Club on White Oaks Road on the 11th of December.

Miss Joan Arnaudo, Campbell's County Fair Queen is to reign for the evening affair.

Also discussed at the meeting this week were plans for the 6th annual Children's Christmas Theatre party for the needy, sponsored by the Jaycees in cooperation with the Campbell merchants. Monday, December 20 is the tentative date for the party. John Kurazawa is chairman.

The sugar pine is reported to live more than 600 years.

Three ordinances were introduced for first reading at the meeting of the city council Monday night, one for the annexation of the 13-acre Payne-Baroni tract which is to be known as Westchester Park subdivision, another for the rezoning of the Herman Y. Rice property for a million dollar shopping center at Winchester Road and Latimer

avenue and the third one for rezoning property at Central and Hamilton avenues for a Medical-Dental building. Second reading for adoption of these ordinances will be on December 6 to permit start of some three million dollars in new property development in 1955 within the city limits of Campbell.

The council also approved the streets and highways resolution as recommended from the Planning Commission and calling for the widening of Hamilton ave to 120 feet to provide for a six lane highway, a four-lane width for Campbell avenue, 90-foot widths for both Winchester Road and extension of Leigh avenue with 120 foot width for the state's San Jose-Los Gatos Road.

Mayor Richard Morton cast the "no" vote on the street and highway resolution, while at the same time commending the planners for an excellent proposal. Nestor Barrett, planning consultant said the 120 foot width on Hamilton avenue would allow for a dividing island which could be reduced to allow for left turn lanes. Mayor Morton contended that a 90 foot width without the island would be adequate and in keeping with city street standards whereas the 120 foot width with island plan is intended for highway and freeway standards.

In introducing the ordinance for annexing the Payne-Baroni tract, the developers were represented by H. G. Baron, city attorney of Taft, who asked that the council meet again next Monday to accelerate the procedure and to indicate that this be designated as an emergency ordinance, contending that this is more or less of a popular procedure throughout the state. Such action would save his firm some \$4000, he pointed out. He said that by this manner the \$1,100,000 development there could start the first of the year.

Joseph Bonacina, city attorney, said that a special meeting would have to be called for this particular purpose and that there might later be some legal question of such procedure. He advised that the city go into annexations by keeping close to the procedural line so that if bond issues come up later on the title search will be clean. Councilman Chargin said it might be dangerous procedure in this instance as it then would leave the door open for other applicants to seek urgency action. Council voted to proceed in the usual manner.

J. M. McKiernan of the Clayton Company who will be the developers of the Rice property with the million dollar shopping center on Winchester Road told the council Monday that a major oil company and a super-market are ready to sign for leases, the latter to occupy 15,000 square feet. The stores would be 540 feet back from Winchester Road. A 50 foot strip of land has been sold to the First Methodist church, and after the ordinance is approved, an amendment would be agreed on at the cost of the developers, to allow for this change and for a buffer setting off some of the zoning to R-2S, as approved by the planners.

He said the Clayton Company is prepared to proceed within six months with the project and is adequately financed to do so. The market, he said, was of an independent chain.

Robert L. Mezzetti, attorney, asked that the council do something about a ruling from State Highway department directing that parking be parallel at Courts Tavern on the Los Gatos-San Jose highway, contending that business is falling off at this 20-year old establishment because of parking problems. Mayor Morton said this was a matter for the state and that city police are called on to enforce state laws on the highway.

Police Chief Robert Locke requested endorsement of Safe-driving Day on December 15, as proposed by President Eisenhower and Governor Knight, which council approved. The move is sponsored by the President's Action Committee for traffic safety in cooperation with various national organizations as a day to demonstrate that traffic accidents can be reduced materially when all motorists and pedestrians do their parts. Chief Locke said he would contact all schools, churches and service clubs seeking cooperation.

The bid for supplying gas and oil to city owned vehicles was given the Union Oil station until further action.

Fire Chief Jack Scott was given approval to have fire hydrants replaced at Railroad and Central, Winchester and Latimer, Campbell and Second, Harrison and Grant, Foote and Railroad, Central and Dillon, Campbell and Llewellyn and at Gilman in the middle of the block.

Permission was granted Mrs. Ann Olmetti to run a pair of five-ball pin machines at her place at 81 South Winchester Road after she was warned state and city laws would be strictly enforced, that minors would not use them at any time and that no pay-offs would be made from them. Mrs. Olmetti in a letter to the council had stated that Chief Locke had told her to remove the machines because the owner, William Morgan, had not obtained a permit. She denied an alleged payoff on October 29 and stated it was her policy to disconnect machines during school lunch hours.

Mayor Morton said the shop caters to school children through specially priced lunches and that if the permit is granted the law must and will be upheld at all times.

Admiral Lockwood Tells Rotary Of Submarine Action

Vice Admiral U. S. N. Retired, Charles Lockwood, was guest speaker at the Monday luncheon of the Campbell Rotary Club. Lockwood, former Commander of Submarines in the Pacific Fleet, showed colored movies taken by submarines in the Pacific during World War II.

Pictures showed the destruction of enemy ships by the submarines, with a total of 65 per cent of enemy shipping and war craft decimated. An important duty of the submarine was the rescue of pilots in trouble. Pilots of aircraft relayed their position to submarines who effected their rescue. Over 500 Air Force, Marine and Navy pilots were saved in this manner.

Mervil Willoughby was chairman of the day.

MISSING HUNTER IS FOUND SAFE

Ira Wesley Tate, Campbell hunter lost two and a half days in the Santa Cruz Mountains near the rugged Saratoga summit, was found Thursday afternoon by the Santa Cruz County Sheriff's posse.

Cold and hungry but otherwise all right, he was found by Deputy Lowell Rountree and Posseman Larry Williams as he wandered aimlessly along the bank of Oil Creek.

Tate, 34, who became lost Tuesday morning while hunting squirrels with John Wade, also of Campbell, was found about 3 1/2 miles inside San Mateo County.

Deputies reported that he had neither eaten nor slept during the time he was lost. They turned him over to his father and other members of his family who took part in the search.

EDITORIAL

ROADS LOADED WITH TRAFFIC

Road building is to be of tremendous importance for the next few years in Santa Clara County, so it will be interesting to see how the money for this work is spent.

The state allocates money for cities and the county from its gas tax and motor vehicle fees to take care of streets and highways of major importance.

Right now the County Board of Supervisors is considering some formula for using its share of these funds on roads within cities. One of the plans proposed by the Inter-City Council would obligate the county to spend it on a per capita basis.

A committee is expected to be named within a month by the board to set up a study plan.

Subdivision area roads are new problems confronting cities.

Campbell, represented by Councilman John Chargin at a meeting of officials from various cities with the Board of Supervisors, said he is not too keen on the per capita basis plan. The position here is that money should be spent on roads where needed and where the traffic density is greatest, rather than on basis of population density.

On a population basis, San Jose would get over \$100,000 for \$7,000 or so for Campbell and might even use the money for improving roads in strip annexations. Winchester Road, to cite an example, is a two-lane county road except as it passes through Campbell, thus it is one of the most important thoroughfares in the entire county, bringing in people from Los Gatos, Quito, San Tomas and Campbell to Santa Clara, San Jose and the bayshore and east bay freeways. There is a definite need for its widening and improving as its traffic load is already very heavy.

Supervisor Joe McKinnon recognizes the importance of this road as also does the county engineering department. It seems that the intent of counties sharing these funds is for roads such as this where the traffic load is already established and heavy.

The proposed committee would seek a cooperative attitude toward the county from the various cities, which of course the board deserves, but it will be a little more difficult to expect constant cooperation among the various cities if funds are doled out on a population basis.

Mayor George Starbird of San Jose is for the formula on a contention it will benefit the entire county by improving the network of roads. Leonard Bushnell, county engineer, says there are 1137 miles of county roads to look after and that the present income is inadequate.

The problem now arises as to how far large cities may go in the use of these proposed funds if allocated on a population basis. Strip annexations have been their meat. Only Tuesday of this week, the City of San Jose promised to pave Alum Rock Avenue to four lanes if the East San Jose area beyond King Road would agree to annexation. Less than three weeks ago, at the Moreland School, San Jose officials agreed to make Moorpark avenue a six or even eight-lane highway through to Moreland if they would annex to San Jose.

This is a serious situation. Councilman Chargin has ably expressed the position of the City Council in opposing allocation of funds on a population basis. Winchester Road has already been designated by the county for improvement to four lanes from Stevens Creek Road to Camden avenue because of its traffic load, and \$7,000 won't go very far as our share in this undertaking if on a population basis.

Milpitas also will need improved roads, and as the newest city in the county, the allocation of less than \$1,000 as their share in this project, if on a population basis, would not be economically sound or fair. Let's keep our eyes wide open when this comes to a show down.

EXTENDING A HELPING HAND

Now comes a period of the year when thoughts about giving, and in bringing happiness to others, are foremost in the minds of many people.

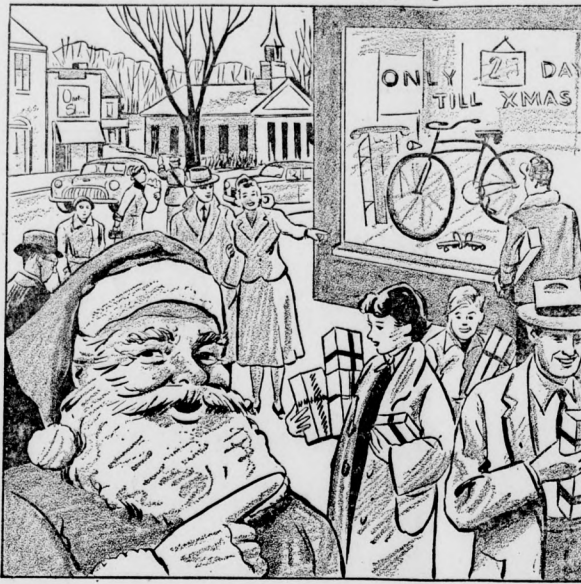

It is a refreshing note that students of the Campbell Union High school are doing some things for others. The taxpayers try to give the best possible facilities for our students, knowing full well that some day they will have this same responsibility. But now, while they are in school, these young people have given to the Red Cross through their Junior Red Cross drive; they will cooperate with the Marine Corps Reserve in a "Toys for Tots" drive; they are gathering clothes to help needy children in other lands, and in January will try to gather one hundred tons of old newspapers for funds with which to help the needy.

There is a good lesson here, and we pause to say "bravo!" for the spirit of the season reflected in the schools.

SAFETY AUTO

A surgeon has suggested four changes in automobile construction which he believes would reduce the death and injury toll in accidents by 80 percent. His suggestions are: 1. Anchor the front seats so firmly to the frame that they could withstand the deceleration force of 40 times the force of gravity. 2. Replace the present instrument panel with a "crash panel" made of four inches or more of foam rubber. 3. Secure doors with three lugs so they could not fly open upon impact. 4. Provide safety belts for all passengers. Careful driving would also help.

Do Your CHRISTMAS Shopping At Home

The Campbell Gambol

SOMETIMES I Like traveling by air and then sometimes it becomes very annoying . . . first of all, one chooses to go by air in order to save time, by train because they are safe, comfy and get you there on time, by bus because it is economical or because you can stop off wherever you wish, or you can drive your own car and go as soon as you are ready and can follow any route you may wish.

A FEW COLUMNS AGO I wrote about a flight to Las Vegas over Mt. Whitney and Death Valley, all just as scheduled, then about another flight along the ocean shore to Los Angeles seeing a lot of familiar landmarks from the air after starting off from San Jose airport . . . well, I've just made this last trip again and I don't feel so good about it after having been grounded for two hours at Monterey going down and having to by-pass San Jose coming back to land at San Francisco then be sent back by ground service to my car at the San Jose airport. . . Saturday, I gave away my big game tickets in order to make the trip south and you will agree with me it was a beautiful day here but in twenty minutes we hit a fog blanket and circled the Monterey airport a few times before finding a hole to come in on . . . the pilot, after the motors had been shut off for ten minutes or so, came in and told us we were grounded under a zero-zero ceiling so we went inside the station and there was first some talk of putting us up at one of the hotels over night, then about taking us by car to Salinas where a plane would be sent to take us the rest of the journey . . . just about then a few stars could be seen overhead, the air beacon could again be seen and whoof, the fog blew away to sea just as suddenly as it had come in, so we were off again in the original plane arriving in Los Angeles two hours late . . . Monday morning at nine the plane left a smogless sky from Los Angeles, stopping at Oxnard, Santa Barbara, Santa Maria and Monterey, the air being clear and bright so I could see Morro Rock, the Hearst Castle at San Simeon, a lot of fishing boats off shore, Car-

mel then taking off from Monterey following the outline of white breakers to where the concrete ship is grounded, from which point the plane started taking elevation to get over the Santa Cruz Mountains and just about at Holy City the whole valley ahead looked like it was buttered with fog and you could almost get out and walk on it, so we kept up over it with here and there a pocket to look through . . . I remember seeing Cambrian Park Plaza and some San Jose buildings, then I saw Moffitt Field and began wondering what goes on, when a member of the crew tapped me on the shoulder and said they were by-passing San Jose because of the fog and would land me in San Francisco and send me and three others back by taxi to San Jose . . . we waited at the new San Francisco airport for half an hour for the taxi to arrive from San Jose with passengers who had intended boarding the plane there, and he took us back to San Jose two hours and twenty minutes behind scheduled time of our arrival there . . . they told us the smaller airports do not have radar controls like at San Francisco and Los Angeles so landings are not so safe if the ceiling is low and to the ground . . . one thing about Commercial airlines—they are safe, this particular line having a 100 per cent safety record.

County Recorder Plans Retirement

After 24 years in office, Charles A. Payne, County Recorder has announced that he will retire, having reached compulsory retirement age of 70.

This will make the fourth top county position to be filled, the others being that of county clerk, building inspector and county coroner.

Personnel director John Tustin has scheduled written examination for December 9, with deadline for filing set for tomorrow, November 26.

OUR DEMOCRACY — by Mat

THOUGHTS and THANKS

AS A NATION WE ENJOY NOT ONLY MATERIAL BLESSINGS NOT DREAMED OF BY OUR FATHERS WHO ESTABLISHED THANKSGIVING — BUT, WHAT'S MORE, WE'VE GROWN IN TOLERANCE, IN NEIGHBORLINESS, IN APPRECIATION OF THE FREEDOMS THAT WE HAVE WON IN OUR DEMOCRACY.

WE CAN ALL BE THOUGHTFUL OF, AND THANKFUL FOR, OUR NATIONAL HERITAGE — AND PARTICULARLY FOR THE VALUES OF THE SPIRIT THAT IT EMBRACES.

Monorail System Proposed In Area

Santa Clara Valley would be served with a high-speed, monorail service in plans outlined by Henry Norton in a talk before the College of Engineering at the University of California. Norton, who is president of the New York, Susquehanna and Western Railroad said this transit system would relieve traffic congestion, caused by 86,000 daily commuters between San Francisco and various Peninsula points.

The plan would have electric trolley buses traveling up to 70 miles per hour on channels located 14 to 18 feet above the street level. Norton, a nationally-recognized expert on transit systems, estimated the traveling time between San Francisco and San Jose would be about 40 minutes.

A public transit plan would be necessary in order to finance such a system, which could be built in 10 years, Norton said. The plan includes every specification laid down by the State Senate Interim Committee for Transportation which met in San Jose last summer.

Christmas Play Now Under Way

This year's Christmas program, presented annually by the students of Campbell High, will feature an original play by Kenneth Wallace, Campbell Drama Coach.

The leading roles will be performed by Steve Hunter, Myra Randolph, Steve Jansen, Kay Newquist, and Dale Dixon. The supporting cast will be composed of the fifth period drama class.

The play is the story of how the most popular Christmas song ever written, came to be composed.

The show requires a cast of 20 players, plus complicated lighting effects and scenery changes which will be done by the same fifth period class, with the help of the Drama Commission.

The show will be presented to the Student Body at two special assemblies, Thursday, December 15, and to the public that night at 8 P. M. in the school auditorium. Admission will be free.

The San Francisco Civic Auditorium has a seating capacity of more than 9000 persons.

Solar evaporation is the only method used for producing salt from sea water on a commercial scale.

Rhodes Scholar To Talk At World Affairs Council

Dr. Philip W. Buck, professor of political science at Stanford University is to speak next Tuesday at a meeting of the World Affairs Council of San Jose in the New Pioneer Savings Hall, 1285 Lincoln avenue. Norman A. Stoner of Campbell, council president is to preside.

Dr. Buck, a specialist in the field of comparative government, is a former Rhodes Scholar. He received his M. A. degree at Oxford University in 1926 and his Ph. D. from the University of California in 1933. He joined the faculty at Stanford University in 1934 after resigning his position as assistant professor at Mills College.

Dr. Buck's interest in international affairs has been reflected in the positions he has held at Stanford. He is chairman of the Rhodes Scholar Selection Committee and was formerly Chairman of the Committee on International Relations in the School of Social Sciences. During the war, he was assistant director of the European language and area division of the Army Specialized Training Program at Stanford. He returned to England in 1952 for research study and was a member of the Faculty of Salzburg Seminar in American Studies, in Austria, February and March, 1952.

CEMENT MIXER CATCHES FIRE

Firemen were called Tuesday at 1:30 p. m. to douse a blazing cement-mixing truck on the corner of Fawcett and Campbell avenues.

The truck, owned by Western Gravel Company, was driven by Moise Benefield who said a battery cable shorted out and burned a hole in the gas line. The flow of gas kept feeding the flames until the truck was hidden in billows of smoke. Firemen quickly got the fire under control before there was danger of explosion.

Small Tomatoes May Be Standard In Future Packs

DAVIS—Smaller tomatoes may be the future standard canning tomato in California, University of California plant breeder Gordie C. Hanna told canners meeting recently on the Davis campus.

Hanna, who is developing a hardy, high-yielding tomato for mechanical harvesting, told the more than 100 canners from northern California that a tomato one and one-half inches in diameter may stand up in handling better than the present large Pearson types now grown extensively in California.

"One of the main objections to the present Pearson tomatoes," he said, "is their large, hard core. We have successfully developed hybrids without the core, but they don't stand up well in transit from field to cannery. A smaller fruit, which would easily shake loose from the vines, might prove to be the best answer to the problem."

A switch to smaller tomatoes would require certain changes in the canning process, the Davis plant breeder told the canners, but the smaller types may not have to be cored, which is a hand operation.

Raymond Triplett, Tax Law Man, Will Talk At Los Gatos

Raymond F. Triplett will address the Los Gatos Junior Women's Clubs on Monday evening, Nov. 22, at La Hacienda, on "Estate Planning and Common Sense".

Triplett has contributed articles to national publications on the applications of the new tax laws.

Also represented at the meeting will be members from Junior Women's Clubs of Palo Alto, East Palo Alto, Los Altos, San Jose, and Santa Clara.

Mrs. A. F. Libiante will be program chairman.

Pacific Gas and Electric Company

Ken Wallace

TEACHER WRITES ORIGINAL PLAY

Ken Wallace, drama instructor at Campbell High School, last week completed his second original Christmas play. This one, titled "Silent Night" is completely different from the 1952 skit, "Pepe", for which Wallace is still collecting royalties from the Northwestern Publishing Company.

The story depicts the life of Father Joseph Mohr, famous Austrian Catholic priest who wrote the words for the most famous of the holiday hymns in collaboration with Franz Gruber, composer. It will be presented as part of Campbell High School's "Gift to the Community" in a free public performance beginning at 8 P. M., Wednesday night, December 15th.

Steve Hunter, a student, renowned for the one year he spent as a student in Iran with his father, George Hunter, Dean of Boys at Lincoln High School in San Jose, will portray Mohr as a plodding man of the cloth with an idea for serving the people through his verse. Dale Dixon plays his song-partner, Franz Gruber, and Myra Randolph will be his housemaid, Frieda, who offers encouragement through her meals. Steve Jansen, Kay Newquist, and Sherry Robinson are other leads in the show which requires a talented cast of twenty with musical backgrounds by the Campbell High Choir under the direction of Frank Trena.

All the talent for this holiday pageant will come from Wallace's fifth period English class. Students who are not actors will serve as stagehands since the play requires scene changes and complicated lighting effects. The show will also be presented to the whole student body in two special Christmas assemblies.

Music featured besides the title tune will be "Hark the Herald Angels Sing", "It Came Upon the Midnight Clear" and "O Little Town of Bethlehem". Climax features the choir humming "Ave Maria" while Mary kneels praying by a Bethlehem hill. Cast members are busy these days learning Latin and receiving technical advice from Mrs. Lura Flint on how to bless babies.

VARIETY SHOW IS FINANCIAL SUCCESS

The total amount of profit made on the Variety Show as announced by Mr. Kemp was \$1,224.60. After expenses, the amount comes to \$1,162.40. Never before has any previous Variety Show made so much net profit. The money is divided between the Student Body and the P. T. A.

San Francisco's famous early-day Hippodrome Theatre is now a night club in the International Settlement.

Music Notes

On Saturday, November 27, at 1:00 P. M. at the Spartan Stadium, the Campbell band along with the Fremont band will be featured during the halftime and pre-game activities of the San Jose State, New Mexico Football game.

Dr. Robert Flester, head of the music department at San Jose State, issued the invitation. Campbell will represent New Mexico while Fremont represents San Jose State.

The songs Campbell will play are "Thunder" by Souza, "Bill Board", "S. I. B. A.", and "Hello" which are marches.

The annual Christmas choir Festival will be held again this year in the civic auditorium December 9, at 8:00 P. M.

Seven hundred and fifty students from ten high schools will participate.

Dr. Chester Mason will lead the ten choirs when they combine to sing. The two guest music critics are from Stanford University and San Francisco State College.

Campbell will sing the Wassail song and Kyrie Eleison.

LUKEHART, SCHRAUB SEASON CAPTAINS

One of the highest individual honors to be given a football player at Campbell, is to be voted by the members of the team: to be season captain and to represent the team in the annual clash with Los Gatos.

Gary Lukehart and Tony Schraub, both outstanding at their respective tackle and end positions, have been chosen as the 1954 season captains.

Bethel 174 Confers Majority Degrees On Six Members

Majority degrees were conferred on six members of Campbell Chapter, Bethel 174 of Jobs Daughters, in an exemplification ceremony at a recent meeting.

During the ceremony each girl received one red rose, one white rose and a spray of fern, which symbolized their reaching majority.

Those receiving the degree were Mrs. Louella Rice Kennedy, Mrs. Beverly Scholl Anderson, Mrs. Noreen French Gilpatrick, the Misses Marilyn Graham, Pat Powell and Betty Lou Peterson.

Mrs. Jackie Hartman, worthy matron, and Don Hartman were made honorary members of the Order.

A stated meeting will be held November 27, at 2:00 p. m. in I. O. O. F. Hall when election of officers is scheduled.

CAMPBELL REGISTER

Mrs. OTTO KERSGARD of 259 W. Campbell Avenue, celebrated her 80th birthday on Thanksgiving Day with a combined Birthday and Thanksgiving dinner at the home of her son and his family, Mr. and Mrs. Edwin Kersgard, 600 Dry Creek Road. Mrs. Kersgard has been a resident of Campbell 32 years. Present at the dinner were Mr. and Mrs. Alfred Kersgard, Mr. Albert Sheerer, and three grandchildren, Linda, Sandy and Patti.

Mrs. A. V. ROWLAND has arrived from Toronto, Canada, to visit her sister, Mrs. CORWIN OLDS of 150 N. Second Street. During her visit she has been shown points of interest in Sacramento, Berkeley, and San Francisco. Plans are for an extended visit with many more interesting places to be explored.

"A Coffee Hour" will be held Sunday at the Congregational Church between services from 10:30 to 11:00 a. m.

Church School classes are to be held from now on at 9:30 and 11:00 a. m., it was announced last Sunday.

FRANK ACCARDI, local appliance dealer, is back from another trip which he won in a contest sponsored by General Electric for their dealers. This time he won a three day trip to Las Vegas, all expenses paid, along with 74 other dealers of the central California area. He left the San Francisco Airport Friday noon and arrived in Las Vegas an hour and forty-five minutes later, where he stayed at the Flamingo and Desert Inn Hotels. While there he was given a "Wells Fargo" money bag by G. E. to spend as he pleased, went swimming, golfing, fishing and to a party or two before flying home Sunday evening.

Mr. and Mrs. R. B. EDWARDS of 744 Campbell Avenue celebrated Thanksgiving Day twice this year. Wednesday they went to Menlo Park for a dinner with a son and his family, F. Wade Edwards, and also to visit their grandson F. Wade Edwards Jr., who is home on leave from Loury Field which is near Denver. Thursday they had the traditional Thanksgiving dinner with another son and his family, Richard K. Edwards of 767 E. Campbell Avenue.

Mr. and Mrs. FRED R. WHEELER and Mrs. CLARA L. WHEELER, all of Ames, Iowa, are spending the winter with Mr. and Mrs. Ray Martin of Quito Road, Saratoga. Ray Martin and Mrs. Fred Wheeler are brother and sister. Fred Wheeler is on vacation after retiring from 39 years of service. Wheelers have made side trips to in the Ames Post Office. So far the Santa Cruz, Jack London's square in Oakland and to visit another brother, Pat Wheeler, who lives in Pleasanton. Mrs. Clara Wheeler at 82 is an old hand at traveling, having made numerous trips between Iowa and Saratoga.

Campbell Girls, At Jobs Daughters Meet, Long Beach

The thirtieth annual session of Grand Guardian Council of California International Order of Job's Daughters was held recently at Long Beach with 2280 girls registered from the various parts of California. Installed were Grand Honored Queen and Grand Guardian in the State of California for the coming year. Mrs. Donald Hartman was appointed Deputy Grand Guardian for San Jose and Campbell. The Junior Banquet, held at the Municipal Auditorium in Long Beach, was attended by 1800 girls dressed in formal.

Girls who attended the November 11, 12, and 13 sessions from Bethel 174 of Campbell were Claire McPaul, honored queen; Starlene Petri, senior princess; Delores Whitehead, junior princess; Diane Williams, guide; Elizabeth Eckhardt, first sealer; Ida Ceretto, recorder; Marilyn Rice, inner guard; Marcia Webb, Doris Hunnell and Gail Murdock, choir members.

Adults attending the sessions were Mrs. Rae Denning, guardian; Mr. Les Titus, associate guardian; chaperons Mrs. E. D. Hunnell and Mrs. H. E. Eckhardt. Others were Mrs. Les Titus and Mr. E. D. Hunnell.

Before coming home all Jobs Daughters from Campbell spent a day at Knox Berry Farm.

IN CAMPBELL'S KITCHENS

From the files of Mrs. Nathan Almqvist of Box 739B Rincon Avenue we have a tasty and filling casserole dish and a spicy apple cake.

NOODLE-TUNA CASSEROLE 3 stalks celery, chopped fine 2 medium onions, sauted in butter or margarine

2 7 oz cans tuna

1 can whole kernel corn

3 hard cooked eggs, chopped

CHRISTMAS TEA PLANS MADE BY GARDEN CLUB

Plans were completed for the annual Christmas Tea of the Campbell Garden Club in a committee meeting held last week at the home of the president, Mrs. Robert M. Dunn. Co-chairmen of the Tea to be held December 1, at 2:00 p. m., in the Country Women's Clubhouse, are Mrs. Henry Snell and Mrs. Henry Parker.

Mrs. A. F. Leal, program chairman, announced Jack Mieuli Jr., of Navlet Florist, would be guest speaker and use Christmas decorations as his topic. Mieuli who has had a lifetime background of flower and landscaping experience, will use local material in his demonstrations.

Present at the meeting were Mesdames T. F. Mahaffey, Beverly Edick, Anna Feasel, Glen Kellogg, J. M. Conlan, John Thompson, Thomas Totaro, and H. D. Blohn. Members are asked to bring a guest. Local garden clubs are invited as special guests.

Netops Planning Christmas Party

Plans were completed for a Christmas Party to be held December 10 in the home of Mrs. Carmin Falco at 861 Materdora Avenue, Palo Alto, when Sequoia Sewing Club of Netops Council No. 247 met in the home of Mrs. Lewis Haller Wednesday evening. During the business session Mrs. Forrest Chapman, president, reported on the success of the recent cake and pastry sale.

Members present for the meeting were Mesdames Clare Austin, George Reynolds, Stan Rohde, Forrest Chapman, Carmin Falco, Mallie Dorsett, Walter Lamb, Ben Radford, Jess Peters, Maxine Smith, Edna Black, John Morris, Donald Johnson, C. A. Cole, D. Gutierrez, Bernadette Hunt, Ray Gilpatrick, Marie Banks, Lewis Haller and Miss Rayetta Nelson.

Fall colors, fruits, and flowers decorated the Clubhouse for the soiree. And the festive Thanksgiving holiday mood was noted with "turkey" favors and pumpkin pie. After refreshments and conversation, yappy was played. Bev. Allman and Sue Langio won with high scores. Doris Seaton got the booby prize for low score.

Ever Play Yappy? Christmas Bazaar And Tea Planned By Service Club

At the November meeting of the Campbell Women's Service Club held at the home of Mrs. B. W. Creighton, plans were made for a tea which the Service Club will give during the Christmas bazaar at the Campbell Methodist Church next Thursday afternoon.

Plans were also made for the annual Christmas Party which the Service Club gives for one of the women's wards at Agnew State Hospital. Mrs. Rudy Golden has been named chairman of the Agnew party.

Mrs. C. T. Mitchell conducted the business part of the program at the November meeting. Assisting Mrs. Creighton with the program were Mrs. Merlin Bohnett and Mrs. Paul Rumford.

Mrs. E. R. Kennedy will be hostess for the December meeting of Service Club at which time a Christmas program is to be presented.

Faculty Women Are Honored At Party Thursday

No business was allowed to interfere with pleasure at the November 18th meeting of Campbell High's Faculty Wives Club. Instead, about 55 women faculty members and faculty wives congregated at the Country Women's Club for a "Get Acquainted Party".

Fall colors, fruits, and flowers decorated the Clubhouse for the soiree. And the festive Thanksgiving holiday mood was noted with "turkey" favors and pumpkin pie. After refreshments and conversation, yappy was played. Bev. Allman and Sue Langio won with high scores. Doris Seaton got the booby prize for low score.

Mother-Daughter Tea Wednesday Is Annual Event

The annual Mother-Daughter Tea will be given by the sophomore girls of Campbell High School in honor of their mothers on December 1 in the Dance Studio from 7:30 to 9.

"Tea for Two" will be the theme for the event, with decorations in charge of a committee headed by Gail Gerlach. Ruth Ann Richards and her committee will furnish the entertainment, with background music in charge of Eveline Lupez. Refreshments will be planned by Janice Shelton. The cleanup committee will be commanded by Joyce Hatcher, with publicity in charge of Margo Hopkins.

Faculty members assisting are Mrs. Doris Seaton, Beth Childs, Selma Schneider, Vivian Maselli, and Phyllis Wright.

Music Program For PTA Meet

A program furnished by the music department under the direction of Ed Tonini, and Mrs. Elaine Hendrick's Dramatic Club, will be featured at the next meeting of the Campbell Grammar School PTA, to be held December 14, at 7:30 p. m. in the Auditorium. Mrs. Albert Bariteau, president, will conduct the meeting which includes a special surprise for the children.

The annual rag drive will begin January 3 and continue through the 7th, with Lee Wilson as chairman. This will be an opportunity to clean closets and dispose of unwanted clothing and rags. It is not necessary to be a member to participate. Arrangements for pickup of contributions may be made by calling Lee Wilson at FR 8-4154 or Mrs. Albert Bariteau at CY 5-2578.

"Here's to the Winnah!" says Master of Ceremonies Chuck Nelson to Roy Cureton. Cureton won a bejeweled medallion for collecting the most signatures on his "Twirp Card" during the recent girl chases boy week at Campbell High School and received his award at the "Twirp Dance". Cureton is a pretty fast man on the football field too, playing guard for the Buc Varsity.

NEW PLAN IS PROPOSED FOR PROJECTED WEST VALLEY HOSPITAL

An offer to the West Valley Hospital District at Vasona Junction may be offered a similar plan for a hospital medical center as that already proposed in the Moorpark area, it was indicated today. The Vasona project would be on a smaller scale to that proposed for Moorpark.

Paul A. Hungate of Hungate & Associates told district board of directors his firm would lease the district's 10-acre site, erect a 50-bed hospital and medical building and turn the hospital back to the district after 20 years.

The district, Hungate said, would have to give a small part of the site to the developers for commercial use.

Hungate explained at least 20 doctors would have to invest in the units at the start to obtain backing of investors. An additional 30 doctors would be needed by the time the units were constructed.

Hungate emphasized a canvass of West Valley doctors would have to be held first to sound out feeling toward the project. He said the hospital probably would work hand in hand with the Moorpark units, with as little duplication of facilities as possible.

Board members told Hungate to prepare a sketch of the proposed layout and to sound out possible financial investors. He answered he would not be able to report on the plan until next January.

Directors were unanimous in requesting further information on Hungate's proposition.

SERVICE FUND GROUP STUDIES SAN JOSE UNION

The Board of Directors of the Campbell Area Service Fund Monday night authorized Miss Caroline Coons, president, to appoint a committee of board members to meet with Josh Anderson, of the County Welfare Council, to discuss the possibilities of joining with the San Jose Community Chest.

Those appointed to the committee are F. A. Ellis, Norman Bowman, Mrs. Helen Story, and Mrs. Larry Critchlow.

Anderson, who attended Monday night's meeting, pointed out that if they did decide to join the San Jose Community Chest, that Campbell residents would still conduct their own annual drive, but that they would have the benefit of personal advice and help in planning campaigns.

Mrs. George Machado, treasurer of the campaign committee, reported \$8,707.84 had been collected to date and that money was still coming in. Pledges to be paid later will bring the amount up, and, in addition, the United Givers Plan will match Campbell proceeds by twenty percent.

There will be no December meeting of the Board. The next meeting will be January 4, 1955, at which time a report from the committee working with Anderson will be made. The directors will then make a decision on whether to join the San Jose Community Chest or continue on their own. At this meeting a nominating committee will also be appointed. All board members are urged to be present at the January meeting.

Those present at the Monday evening meeting were Miss Caroline Coons, Mesdames Jessie Boyrie, Lloyd Brown, George Machado, Harry Story, Barbara Kesling, Edith Tyrell, Emily McConnell, Fred Ambal, Larry Critchlow; the Misses Ruby Crow and Laura Blaine; Dave Farley Jr., R. P. Tainter, Josh Anderson, C. D. Bartlett, Mark Judy, Larry Newberry, Leonard McConnell, T. W. Fine and C. W. Lippert.

Fresh-baked pies fill the house with a rich, spicy fragrance that reminds us of other Christmases "when we were very young." Pumpkin pies, mince pies, apple pies, cranberry pies—such a wealth of good eating is here! So let's be old-fashioned and include homemade pie on the menu, whether we're planning a holiday dinner for two or twelve.

A few homemakers still make their own mince pie, but there are many excellent prepared products which save a great deal of time and work. In fact, pie-making today is much simpler than it was in Grandmother's day, because so many ingredients are ready-prepared for you to put together.

These pie recipes are a little out-of-the-ordinary and certainly worthy of a holiday feast. For the crust, you'll want to use the pastry-making method which gives the best results for you.

Senior Girl Scout Brunch On Friday

The annual Senior Girl Scout brunch is being held Friday morning at Marianas Restaurant in Santa Clara. Some 150 girls are expected from all parts of the Santa Clara Valley. Troop 47 of Los Gatos is in charge of the arrangements while Troop 90 of Campbell is in charge of the ceremony.

On the publicity committee were Juanita Kikuchi, Jackie Callahan and Pat Steffani of Los Gatos while on the special committee on arrangements were Marilyn Wood, Clara Lou Bond and Lois Wilson of troop 47.

The Campbell troop committee included Gail Robertson, Marsha Webb and Julia Hoagland.

Bellarmino Whist Party

The Dads Club of Bellarmino College Preparatory will hold its annual Whist Party in the gymnasium on the Campus, Emory and Elm Streets, San Jose, Sunday afternoon, December 5th.

Playing will start at 2 P. M. and a number of valuable awards will be made including a \$100.00 Christmas Merchandise Order and a Samson Card Table and four folding chairs. There will also be a number of other attractions. Refreshments will be served.

Dr. Richard Pfaff is Chairman of the event and will be assisted by a large number of committee members including Max Bawles, J. Robert Roll, Dan Cornforth, R. J. Fournier, W. J. Gallo, P. E. Sheen, Eber Von Pinnon, Ed Engle.

Bellarmino has recently erected a new faculty building and proceeds from the card party will be used for the building fund.

Now's The Time To Check Your Lights

Deck your home with Christmas lights
For all the world to see—Here is warmth and friendliness, Joy and gaiety!

Christmas lights give sparkle to your holiday decorations and make your home radiate warmth and good cheer. So why not plan special Christmas lighting for your home this season? You'll be surprised at the effects you can achieve with nominal expense and little effort.

Outdoor lighting is easy and fun with the variety of special equipment now available. It is best to use weatherproof sockets and lamp holders, outdoor type bulbs, and two-conductor rubber cord with weatherproof plugs for extensions. The best way to connect your wiring is to use an outdoor receptacle; or you can run an extension to a protected outlet such as a garage or porch light.

Remember that outside lighting should be related to the architecture of the house, and be composed so as to lead the eye. Also, you want the decorative lighting as a whole to give a unified effect.

A natural place to start is with the front entrance. A wreath or spray of greens on the door may be highlighted by directing a spot light on the doorway. The best effect is achieved if the projector lamp in its adjustable holder is concealed. It should be set somewhat to one side, so that persons coming out the door will not be blinded by the light.

An idea for a doorway decoration is a lighted "peppermint candy" cane. This can be made with sections of tin downspouting or "leader" pipe and a cloth, painted white, then painted with red or brown with stripes of red or brown. Drill or punch holes in the pipe for a string of outdoor bulbs, leaving sockets and wire inside the pipe.

A shapely tree in the front yard may be decorated with colored lights. Attractive shrubs show up to advantage with a 150-watt projector floodlight or spotlight beamed on them from the front. The same may be done with large cutout figures; these are fastened to flat boards and driven several inches into the ground.

Another easily-made ornament is a star, which is cut to shape out of wood or composition board base, then painted or covered with aluminum foil. A silvered bowl lamp placed through a hole in the center of the star provides indirect light. Lights may be placed on all the points of the star if desired.

Indoors, besides decorating the Christmas tree, lights can be used in many ways to give your home special holiday charm. For example, a string of warm-colored tree lights placed behind bouquets of greens on a mantel, sideboard or table will cast graceful shadows on the wall and add to the decorative effect. Or lighted stars and bells may be added to the green branches.

Guests will receive a warm, glowing welcome if you use special lighting in the entrance hall. Arrange a bowl of flowers or greens on the hall table; accent them by hanging a plastic bell with a 25-watt red bulb directly over the table. Another idea is to hang a wreath or spray of greens entwined with tree lights on the wall behind a small table. Match the color of the lights with a ribbon bow, and with tall tapers or candles in a candelabra on the table.

These are just a few simple ideas—but what fun you'll have working out your own!

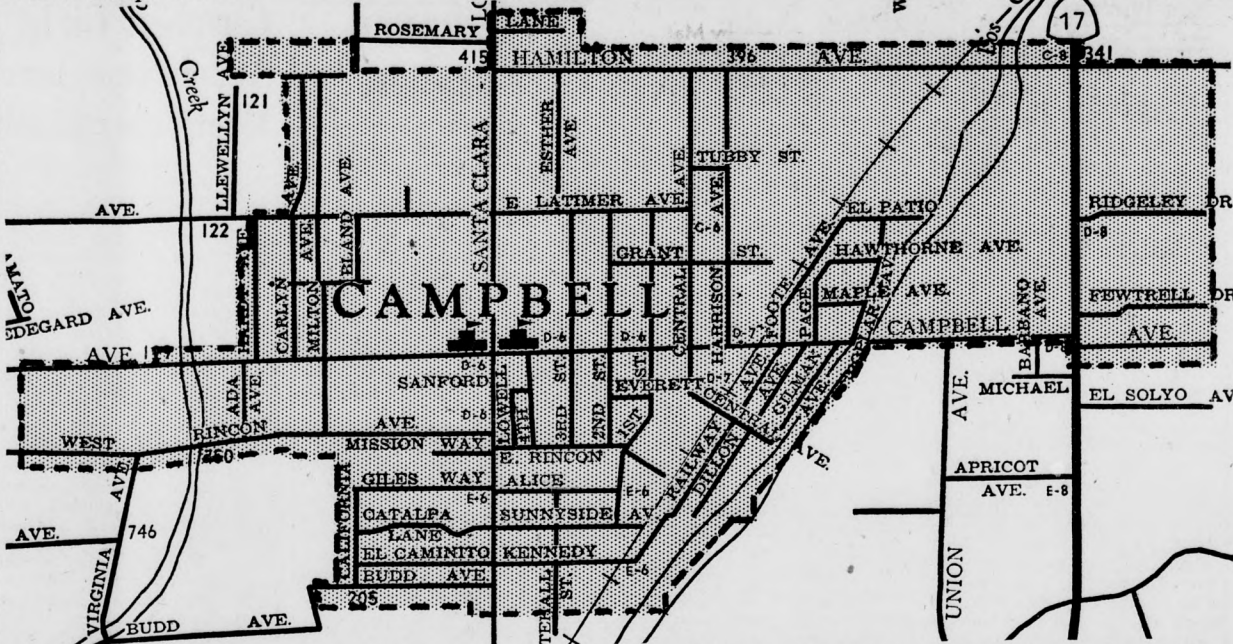

Is This A 'Pince' or A 'Mumpkin' Pie

Roll out pastry on lightly floured board, fit into 9-inch pie pan, flute edge. Beat eggs until fluffy. Add remaining ingredients; beat until blended. Pour into pastry-lined pie pan. Bake 20 minutes in oven preheated to 425° F. Reduce heat to 375° F. and bake 35 minutes longer.

CRANBERRY-APPLE PIE
Pastry for 2-crust pie
4 tart apples
1 1/2 cups cranberries
3/4 cup sugar
1/4 teaspoon cinnamon
1/4 teaspoon salt
2 tablespoons butter or margarine

Pare, core, and thinly slice apples. Wash cranberries and cut in halves. Line 9-inch pie plate with pastry. Place a layer of apples in the bottom of the pie plate; add cranberries; add remaining apples. Sprinkle with mixed sugar, cinnamon, and salt. Dot with butter or margarine. Cover with pastry which has openings cut in center to let steam escape. Seal edges. Bake in oven preheated to 400° F. about 45 minutes or until apples are tender and crust is golden brown.

PUMPKIN-MINCE PIE
Pastry for 1-crust pie
2 eggs
1 1/2 cups prepared mince meat
1/4 teaspoon cloves
1/4 teaspoon nutmeg
1/4 teaspoon cinnamon
1/4 teaspoon salt
1 cup sugar
1 cup pumpkin (cooked or canned)

MAP SHOWING major roads set for improvement in Campbell in line with the Street and Highways resolution approved this week by the Campbell City Council. No completion date has been set, but the Planning Commission earlier had indicated the project would

take about five years or more, depending on progress with the Rte. 5 Freeway. Hamilton Avenue, from Winchester Road to the San Jose-Los Gatos Road would have a 120-foot width to provide for a six lane road, with four-lane ramp carrying Route 5 Freeway traffic.

HOLIDAY APPETITES LIKE SOMETHING NEW

Bake a feathery yeast batter, studded with fruits and nuts, in a fluted ring mold and you'll have special-occasion coffee cake.

Most grocers have candied citron, candied orange peel, candied cherries, and currants on hand for baking holiday fruit cakes. These special fruits can also be used to give yeast coffee cakes a holiday charm, and delectable holiday flavor, too.

Because of the thrifty enriched flour base, coffee cakes are an average budget sweet, yet guests consider them really special. The English fruit ring in the picture was baked in a fluted mold for its party dress. This fragrant bread may be baked with equal success in a loaf pan, 4 1/2 by 8 1/2 inches.

English fruit ring belongs to the group of yeast coffee cakes which requires no kneading. Thorough beating of the yeast batter results in its lightness and even texture. After baking, highlight with confectioners' sugar icing and garnish with chopped nuts.

ENGLISH FRUIT RING
1 package yeast, compressed or dry
1/4 cup lukewarm water
1/2 cup milk
1/2 cup shortening
1/2 cup sugar
1/2 teaspoon salt
1 egg, beaten
1 1/2 cups sifted enriched flour
2 tablespoons chopped citron
2 tablespoons chopped orange peel
1/4 cup candied cherries
1/4 cup raisins
1/4 cup currants
1/4 cup chopped nuts
Confectioners' Sugar Icing
Chopped nuts

Soften yeast in lukewarm water. Scald milk. Add shortening, sugar, and salt. Let cool to lukewarm. Add softened yeast and egg. Mix well. Add flour to make a rather stiff batter. Beat until smooth. Let rise until doubled (about 1 1/2 hours). Stir down, and add citron, orange peel, cherries, raisins, currants, and chopped nuts. Fill into greased fluted ring pan. Let rise until doubled and puffy (about 1 1/2 hours). Bake in moderate oven (375° F.) about 35 minutes. If desired, ice with confectioners' sugar icing and sprinkle with chopped nuts. Makes 1 fruit ring.

For a delightful mince meat dessert, spread mince meat between crisp golden waffles and top with caramel sauce.

Mince meat waffles are a new mince meat treat to take a favored place among desserts along with mince meat pie. The crisp golden waffles, made with enriched flour, are perfect to carry the rich mince meat flavor. Because of their protein, B-vitamins, and iron enriched waffles may be served as luncheon or supper main dish.

Your friends will praise such a delectable and original dessert as mince meat waffles, yet they can be an emergency sweet when the pantry is desert-shy and unexpected callers arrive. Cut the double-deck mince meat waffles in quarters to serve four, topping each serving with hot rum-caramel or orange sauce.

Serve waffles occasionally as the substantial dessert to end a light meal. An interesting luncheon might include a winter pear and cream cheese salad, mince meat waffles and coffee.

MINCEMEAT WAFFLES
1 cup sifted enriched flour
1/2 cup milk
1/2 cup shortening
1/2 cup sugar
1/2 cup vanilla extract
1 egg
1/2 cup milk
1 cup moist mince meat
Rum Caramel Sauce
Pecans

Sift together flour, baking powder and salt. Cream together shortening and sugar until light and fluffy. Add vanilla extract. Beat egg and add to creamed mixture. Mix well. Add flour mixture to creamed mixture alternately with milk. Pour 1/4 batter in hot waffle iron. Bake until golden brown. Spread mince meat between waffles in sandwich fashion. Serve waffles with rum caramel or orange sauce and garnish with whole pecan halves. Makes 1 3-layer Mince meat Waffle.

Holiday Season Features Open House

Friendly hospitality is "part and parcel" of the holiday season. The more folks who drop in unexpectedly to bring their greetings, the better we like it. Also, many families make it a yearly custom to have open house for their friends on Christmas or New Year's Day.

However informal and spontaneous the occasion, a bit of refreshment adds to the festivity. So you'll want to be prepared to give your guests a warm welcome. Here are a few ideas that may be helpful.

A plate of Christmas cookies or thin slices of fruit cake, or a dish of homemade candy, is easiest to pass around when callers drop in for a short visit. If you wish to have a pot of coffee ready to serve with cake or cookies, so much the better. Canned or bottled fruit juices and soft drinks may be kept on hand in the refrigerator.

For evening guests, it's very simple to make up a few sandwiches in advance, wrap them carefully and store in the refrigerator until they're wanted. Either a hot or cold beverage may be served with them. Hot chocolate is a good choice and can be made in a jiffy with one of the prepared products on the market. Serve it with a spoonful of whipped cream if you like. For variety, try mixing equal parts of hot chocolate and coffee, flavor with vanilla and serve very hot.

Refreshments for an open house party range from very simple to very elaborate. One item, however, is always appropriate and that is a punch bowl. The traditional wassail bowl was filled with a hot drink, but an iced punch bowl can be just as festive.

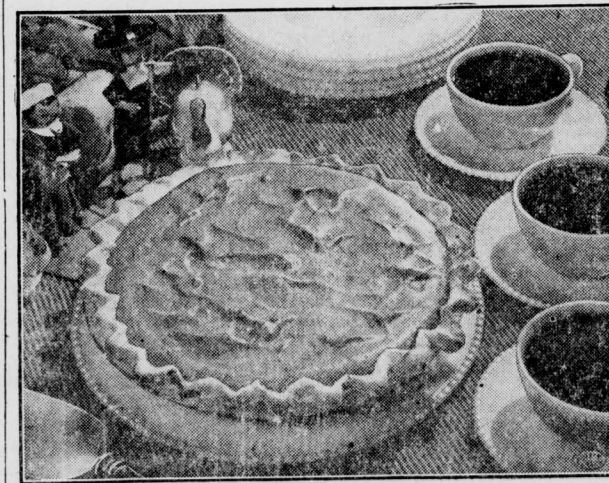

One excellent punch recipe is given below, and two easy confections.

CRANBERRY PUNCH
2 pints cranberry juice cocktail
1 cup pineapple juice
Juice of 4 oranges
Juice of 4 lemons
Powdered sugar or simple syrup
1 quart pale dry ginger ale
Combine fruit juices. Sweeten to taste with sugar or syrup.
Pour over ice in punch bowl or glasses. Add ginger ale at the last. Serves 10 to 12.

SPICED NUTS
1/2 cup sugar
1/2 teaspoon salt
1 teaspoon cinnamon
1/2 teaspoon cloves
1/2 teaspoon nutmeg
2 tablespoons water
1/2 pound nuts
Mix together sugar, salt, spices and water. Boil mixture to 235° F. or until a small amount dropped into cold water forms a soft ball. Add nuts. Immediately remove from heat. Stir nut mixture until the glaze turns to sugar. Pour into buttered shallow pan and spread thinly. When cool, break apart.

CHOCOLATE COVERED NUTS
4 squares unsweetened chocolate
1 can (15-ounce) sweetened condensed milk
1 teaspoon vanilla
Nut meats
Place chocolate and sweetened condensed milk in top of double boiler, or in saucepan over very low heat. Stir until chocolate is melted and well mixed with the milk, and mixture is thick. Dip halves of walnuts, whole blanched almonds, peanuts or filberts in the chocolate syrup. Spread out on cookie sheet or platter and let stand until firm.

Coffee and Pumpkin Blend in This Holiday Dessert

WHEN everyone has had his fill of roast turkey, when the dressing and cranberry sauce and the rest of the fixin's have each played their role at Thanksgiving Dinner, clear the board for pumpkin pie and coffee! And here is a fine suggestion for a pumpkin pie that is light as thistle-down, toothsome enough to hold its own on the year's all-star menu.

The flavors of pumpkin and coffee have a real affinity for each other, and, combined with spices, they form a perfect blend in this delicate, fluffy pie. Somehow, coffee-pumpkin chiffon pie is the perfect light dessert for an extra-filling dinner.

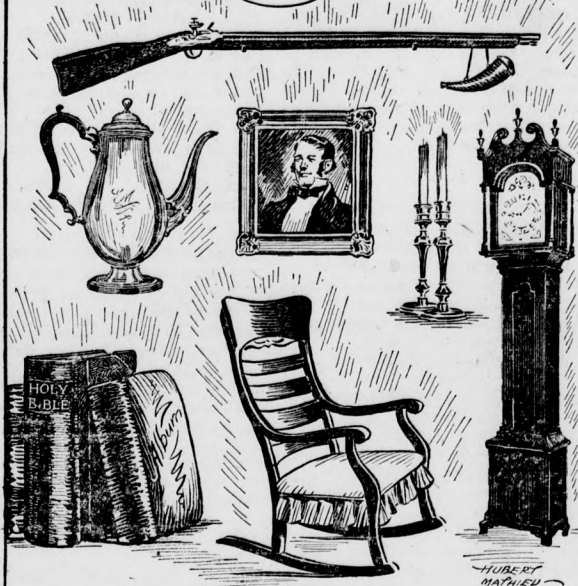

Of course, you'll need plenty of fresh, fragrant coffee to top off the feast. This is the day to use your best coffee-pot, your prettiest cups. Then, when the pie plates are empty, fill up the cups again while you sit back and sigh with satisfaction!

Coffee-Pumpkin Chiffon Pie
2 eggs, separated
1/2 cup sugar
1/2 cup canned pumpkin
1/2 cup double-strength coffee
1/2 teaspoon each salt, ginger, cinnamon and nutmeg
1 envelope unflavored gelatin
1/4 cup cold double-strength coffee
1 9-inch baked pie shell
Beat egg yolks; add 1/2 cup sugar, spices. Stir in top of double boiler until hot. Sprinkle gelatin on remaining coffee. Dissolve in hot pumpkin mixture. Chill until slightly thickened. Beat egg whites stiff; add sugar while continuing to beat; fold into pumpkin mixture. Spoon into baked pie shell. Chill until set. Yield: 1 9-inch pie.

OUR DEMOCRACY — by Mat

HEIRLOOMS

Every American family has some treasure of the past to cherish

—AND EVERY FAMILY HAS SOME TRADITION, TOO, THAT LIVES THROUGH THE GENERATIONS. UNIVERSAL IS THE AMERICAN FAMILY'S TRADITION OF PROVIDING—THROUGH THEIR OWN INDUSTRY AND THRIFT—FOR INDEPENDENCE AND FREEDOM FROM WANT. IT IS A TRADITION THAT HAS MADE AMERICAN DEMOCRACY MORE PRODUCTIVE—AND THE AMERICAN STANDARD OF WELL-BEING HIGHER THAN THAT OF ANY OTHER PEOPLE.

400 ATTEND TURKEY PIE DINNER PARTY

Members of the Hamilton PTA voted Monday night to change the time of their meetings from the first Monday to the third Monday of the month, starting with the January meeting. The December meeting will be held on the 13th and include a children's program. The club also voted to buy tumbling mats for the children to use in the physical education classes. Approximately 400 persons attended a combined turkey pie dinner and bazaar, which featured hand made articles, prior to the meeting. After the dinner the school held Open House for parents to inspect the work displayed by the children and to meet the teachers. Students of Adrian Cilibich's sixth grade class presented a dramatic skit entitled "A Day Of Thanks". All props and scenery used in the playlet were made by the children.

AID OFFERED YOUTH CENTER

Plans for the proposed Youth Center in Campbell are forging ahead rapidly according to Nick DiMuzzio, chairman of the committee. Wednesday evening he stated he had received offers of material and time from a roofing contractor, a building contractor who will donate forms and time over the weekend; and an electrical contractor who will do the wiring.

A building has been offered by a Campbell resident as a temporary meeting place and will be used if it passes county inspection. So far a juke box, billiard and four pool tables have been donated for the Center, and the account at the American Trust Bank has received several more deposits from interested people. If the building passes inspection the next great need will be man power for weekend work. Anyone interested in donating their time and labor should contact Nick Di Muzzio.

Commercial fish landings in the 1952-3 California season totaled 694,976,000 pounds with an estimated value of \$71, 982,774.

House Warming Party Honors Rev. Adamses

A surprise house warming awaited Pastor and Mrs. Philip Adams when they walked into their new home at 551 North Central Avenue last Sunday afternoon and were greeted by members of their congregation, neighbors and friends. Approximately one hundred guests were served from a tea table decorated with chrysanthemums and gleaming silver. Hostesses were the Deaconesses of the Campbell Baptist Church. A gift was presented to the Adams for their home by O. S. Andrus, and a special solo by John Stewart carried out the theme of "Bless This House" which gave the departing guests a feeling of very warm and real fellowship for one another. Reverend Adams has been minister of the Campbell Baptist Church for approximately four months, having been called here from Washington.

LOS GATOS SHOP CENTER PLANS ARE APPROVED

Los Gatos Associates, developers of the Crossroads Shopping Center at Saratoga and N. Santa Cruz aves. have received approval from planners for the center's first project, a 15,000 square foot supermarket.

The planners approved a 10-foot rear yard setback behind the supermarket site for erection of a machine room. Construction of the new supermarket will start immediately after the town council gives its approval to the variance at its Nov. 29 meeting, Joseph McKiernan, representative of the developers, said. The planners, however, rejected a request by the Associates for a variance setback running all along the rear of the shopping center and adjacent to the Southern Pacific railroad tracks on grounds there was no certainty yet the developers will be able to obtain a 10-foot right-of-way from the railroad.

Some of the deep salt beds in Death Valley are as much as fifteen feet thick.

Campbell Couple Observes 50th Wedding Anniversary

"Pick them right the first time and then stick to your choice", say Mr. and Mrs. Charles DeSelle, when asked if they had any advice to give young people after fifty years of happy marriage. Both are opposed to divorce and believe it should be obtained only as a last resort after everything else has been tried and failed.

Holiday Decor To Be Shown At Parker School

A timely demonstration of holiday decorations will highlight the Union District Home and School Club when it meets at 2:00 p. m. December 3, at Parker School.

Mrs. A. F. Leal, who will show school mothers how to create gay Christmas atmosphere yet stay within the budget, is noted in the area for talks and demonstrations along this line. A member of a professional floral arrangement club of which all members are blue ribbon winners, she is also a member of Furry Club, a new national organization.

Carolyn Smiley will discuss educational geographic stories published by World Youth Inc. for children from 4th through 8th grades. Christmas stories of children of other lands and emphasize how well geographic stories work in with student courses in social studies.

A short program will be presented by students of Arthur Margiotti, head of Union School music department.

Child care will be provided by Girl Scouts from Troops 77 and 26.

Mr. and Mrs. EARL KING have returned to their home at 166 No. First street after visiting relatives and friends in Wichita, Kansas and at Enid, Oklahoma. They report the lands very dry there, a recent light rainfall only hitting the surface.

G.O.P. PRECINCT WORKERS TO BE HONORED HERE

Precinct workers will be honored next Wednesday, December 1, by the Republican Womens Council at a meeting to be held at 2:00 p. m. in the home of Mrs. G. E. Farley at 7 Alice Avenue. Vernon Christiansiana, area precinct chairman of the Republican Central Committee, will be guest speaker, and discuss the various phases of precinct work. Order of the day includes an election of officers.

Mrs. George Ninnis, vice president, and Mrs. Herbert Combs, secretary-treasurer, attended the Northern Division Quarterly meeting of the Council, held November 12 at the Bellview Hotel in San Francisco, as delegate and alternate. Mrs. Gladys Penland, northern division president, conducted the business sessions which seated new officers.

PACK 10 HOLDS BIG HOE DOWN HIGH SCHOOL

"Hoe Down" was the theme for the program presented by Pack 10 for the November meeting held Friday evening in the Cambrian School cafeteria. Mrs. Connie Cloyde's Den put on the opening ceremony, with Harry Manuras, David Bachmann, Billy Hiland and Jimmy Gilabert serving as color bearers. The national anthem was played by Mike Adams, trombone, and Jerry Cloyde, clarinet.

Mrs. Lorraine Gerin's Den rendered a Spike Jones pantomime to the "William Tell Overture", with instruments made at den meetings. Mrs. Dolores Lathrop's Den sang the "Peanut Song", and Mrs. Ella Mae Wickliffe's Den sang "She'll Be Coming 'Round the Mountain."

Cubmaster Henry Schatmeier awarded one year pins to Bill Hiland, Tommy Gerin, Pat Visconti, Larry McKay, and Bruce Schatmeier. Awards presented by Dens were Larry McKay, gold arrow, Mrs. Gerin's Den; Bill Fuller, Lion badge, Mrs. George's Den; Gary Vogel, Wolf badge, Earl Conner, gold arrow and silver arrow, Randy Tonascia, silver arrow, Mrs. Wickliffe's Den; Mike Adams, Lion's silver arrow, David Bachmann, silver arrow for Bear badge, Mrs. Cloyde's Den.

Three boys were welcomed into the Pack with a Webelos ceremony conducted by Cubmaster Henry Schatmeier and Assistant Cubmaster Arch Kennedy were Paul Decker, Billy Hiland and Mike Adams.

The younger boys of Mrs. Wray Cloyde's den cooked a lunch on November 11 to honor Mike Adams and Billy Hiland who are to graduate into scouting on Friday. After the lunch the boys had a skating party. The den visited the Artillery Base of 19th and Mission in San Jose where Captain Saunders, who hosted the group, permitted the boys to handle and inspect anti-aircraft weapons and bazookas, were shown M-1s, and observed radar equipment. Boys making the trip were Mike Adams, Jerry Cloyde, Billy Hiland, David Bachmann, Harry Manuras, George Manuras, Nicky Manuras and John Adams. Mrs. Cloyde was assisted by Den Chief Chris Bachmann and two mothers of the boys, Mrs. Daphne Hiland and Mrs. Mary Jane Adams.

ern division president, conducted the business sessions which seated new officers.

The Biennial State Convention will be held January 10, at the St. Claire Hotel, in San Jose. This is the first time the convention has been held in San Jose. Campbell Republican Women will be hostesses in charge of one of the breakfast sessions.

WHAT'S DOING

A \$1 telephone call saves farmer \$400

Gus Holman, pointing, is one farmer who really appreciates his telephone. He and his brother farm 227 acres of rice and other grains near Butte Four Corners, Calif. Not long ago, they needed a tractor fast. They couldn't find one nearby at the price they wanted to pay. So they went to their telephone. With one call, they found just what they wanted... and saved \$400. Cost of the call: \$1. "Our telephone pays us back a lot more in time and money saved than it costs us," says Mr. Holman. And that's the aim of telephone people everywhere—to bring you the good service you need to get things done quickly and easily... and to bring it to you at prices easy on your pocketbook. Pacific Telephone works to make your telephone a bigger value every day.

Portable telephones—like having a telephone in every room

Yes, you can carry your portable extension telephone with you everywhere you go in and around the house. In the kitchen, upstairs, or even out on the patio, all you do is plug your portable telephone into a conveniently located outlet. There's just a small nominal installation charge for each outlet. And you can order as many as you want. The portable telephone itself costs no more than the charge for an ordinary extension—just pennies a day. And, with enough outlets it's like having a telephone in every room. You can order your portable telephones at your Pacific Telephone business office.

NEW TELEPHONE DIRECTORY

The picture at the right will adorn the cover of the January 1955, San Jose and Santa Clara Telephone Directories. The caption of this picture is "The Valley of Heart's Delight." Based on the information from the Encyclopedia Britannica and the Chamber of Commerce, the "Valley of Heart's Delight," which everyone knows as Santa Clara Valley, opens on San Francisco Bay, and extends in a southerly direction, bounded on the east by the Coast Range, and on the west by the Santa Cruz Mountains. In Santa Clara Valley orchards, many fruits are raised in great quantities, contributing to the packing industry, which is so important to the economic prosperity of the region. We think it is an attractive picture, and when you receive your new directory, we hope you enjoy the cover.

COLD TURKEY and lots of them is what Mrs. Tony Oreglia found in the freezer at the Double AA Market on Tuesday as she examines one of the hundreds of birds sold for Thanksgiving. The market ordered a normal supply of turkeys for the Thanksgiving and Christmas trade but through consistent advertising in the Campbell Press found that the supply would be greatly inadequate so new shipments have been ordered.

BROTHERS, PARTED FOR 50 YEARS, ARE RE-UNITED IN CAMPBELL

By Vivian Faulkner

Two brothers, who have not seen each other for fifty years, have been reminiscing the past few weeks of the years they have spent apart. Simon Jensen, of Copenhagen, Denmark, is visiting his brother and wife, Mr. and Mrs. Lawrence Jensen of 181 Rosemary Lane, who he has not seen since 1905 when Lawrence left Denmark for America.

Since he has been here, Simon has been visiting interesting places all over California and especially likes the climate of Campbell, which he says is much warmer than Denmark. He takes a great interest in the fruit orchards here because in Denmark he owned and operated a profitable fruit market which featured American apples. His oranges he obtained from Spain, Italy and Jerusalem. Because of the colder climate, grapes and tomatoes are grown in hot houses, Denmark is a rich country with good seaports on three sides and devoted largely to dairy products and cattle raising.

There are not so many cars in Denmark and most of the people ride bicycles which have the right of way over cars. Television is just coming in and finds a few people with receiving sets.

Smoking among women is much more prevalent than in the United States and a lot of Danish women smoke "lady cigars" which are as large as the ordinary cigar smoked by American men. Jensen also thinks Danish women are prettier than American women, in spite of their cigars.

During World War II, the Germans took everything valuable in the country, including all money from banks, and anything else that could be converted for war material and supplies. After the war the Germans offered payment for the stolen goods with the stolen Danish money.

All in all, Simon Jensen finds America, and especially Campbell, a wonderful place and would like very much to remain here.

Henley And Hill Defend Allen Bill

Assemblyman Bruce Allen, speaking before the Moorpark Dads Club last Tuesday said that A. B. 1 which he introduced and had passed in 1952, will probably be opposed in its present form when the legislature convenes, but doubts if it will be repealed.

The measure permits cities to annex in a manner not to jeopardize rural school districts. Besides Allen in the panel discussion, were William C. Henley, superintendent of Campbell Union Elementary School district, District Superintendent Laurance J. Hill of Campbell High School and A. P. Hamann, city manager at San Jose.

Henley outlined need for firmness of district control to permit sound planning for future needs. He lauded San Jose city administration for consistent integrity which has permitted sound growth and planning by both the city and schools without conflict.

If AB-1 is not renewed we will find San Jose Unified School District trying to serve students isolated far into other school districts, and sound planning for the schools we must have will be so jumbled that our tax payers will pay millions unnecessarily, Hill stated. He cited planning for high schools which "must be done at least four years ahead of the time when pupils will be in class."

Hamann paid tribute to Campbell school officials, Allen, Assemblyman Clark Bradley and State Sen. John P. Thompson, "who fought the present AB-1 bill through to a successful finish and made possible a new era of growth for the greater San Jose community."

FOOTBALL JAMBOREE ATTRACTS 300 BOYS

More than 300 boys in the Campbell grade schools took parts in the field jamboree last Friday afternoon in what officials said was a tremendous success as reflected in attitude of players and coaches.

The East schools were pennant winners in the A division, representing Cypress, Campbell, Moorpark and Hamilton schools. The American League teams won in the B classification and included Hamilton, Cypress, Quito and San Tomas schools. Rosemary School

won top honors for sportsmanship. Top scores in A games, Rosemary 15, Hamilton 12. B games, Cypress 12, Quito 8. The final scores were East 13, West 15. American League 35, National League 6.

Henry Jewell, president of the Campbell Kiwanis Club is to visit schools next Monday morning to present pennants to winners on the following schedule: Campbell 9:10, San Tomas 9:30, Quito 9:50, Rosemary 10:20, Hamilton 10:45, Moorpark 11:20 and Cypress 11:45 a. m.

Moreland School To Form Citizen Advisory Group

The regular meeting of the board of trustees of the Moreland School District was held on Tuesday evening November 23rd. The meeting date was advanced one day so as not to conflict with the Thanksgiving holiday.

The board will hold a special session on December 8th to complete the reading of the Administrative Code. This is a manual of procedure recently compiled, giving the administrative structure of the district and the policies of the board.

The trustees set January 25, 1955 as the date for a public meeting for the formation of a Citizens Advisory Committee. Everyone in the district interested in helping solve the school problem and plan for the future, is cordially invited

World Affairs Group Forms A Luncheon Unit

This month the World Affairs Council of San Jose is organizing a Business men's Luncheon Group under the Chairmanship of Robert Teagarden. The first of this series of luncheon meetings was held on Tuesday, Nov. 23 at the Oyster Loaf, 29 E. Santa Clara, San Jose at 12 noon. Speaker of the day was Dr. John Cowperwaite who was introduced by Norman A. Stoner, President of the San Jose Council and a resident of Campbell.

to be present. Mr. Vincent Carter will act as Chairman of this meeting.

The next regular meeting of the board will be held December 14th at 8 P. M. at the El Quito Park School. The public is always welcome at all board meetings.

LAW IN ACTION

QUESTIONS ON WILLS

- Q. How old do you have to be to make a will?
A. 18 in California.
- Q. If you make a copy of your will should you sign it in the same manner as the original copy?
A. No. The document should be only what it purports to be, an exact copy.
- Q. Where should you keep your will?
A. Any safe place, where it is sure to be found. Put it in a safe-deposit box, or fireproof strongbox. It may be kept by your lawyer, or left with a bank or trust company.
- Q. Should you later write in corrections to the text of the will?
A. No. This leads to the danger that the will may be declared not your last will. Also, the inserted corrections probably would have no effect.
- Q. Then how can you change your will without entirely re-writing it?
A. By making a codicil to it. A codicil is a separate instru-

ment which must be executed in the same way as a will.

- Q. Must you write and sign your will in your home state?
A. No. But take into account the laws of your own state and those of any other state where you have property, or where your will may be in effect for any other reason.
- Q. Can you dispose of your property anyway you like?
A. No. There are often limits, remember also that community property laws limit what is "your property."
- Q. Should burial instructions go in the will?
A. That is a matter of choice. Often they are not included. In other cases, there is a special reason or purpose for this inclusion.
- Q. Can you put advice or wishes into a will without making them binding?
A. Yes, if you do so properly. But in some cases it has led to complications where the intent was not clear. Some persons have put such advice and information in letters or memorandums, clearly marking them as non-binding.

NOTE: The State Bar of California offers this column for your information so that you may know more about how to act under our laws.

CAMPBELL SWIMMING TEAM WINS NATIONAL HONORS

Four Campbell High School boys swimming for the Campbell Swim Club which is sponsored by the Campbell Union High School Recreation District recently received national recognition in the November issue of the "Amateur Athlete" magazine published by the A. A. U.

When the results of the Junior Olympic Swimming Meets held throughout the United States were tabulated, Steve Skold, freshman, with the time of 2:15.3 placed third in the nation in the 13 and 14 year old 200 yard free style. D. Dungan of Fresno at 2:14.8 and Tom Nevins, P. A. A., with 2:14.9 were first and second respectively.

The Campbell Swim Club 13 and 14 year old medley relay team composed of John Townsend, backstroke; Mike Scroggins, breaststroke; Steve Skold, butterfly and Doug Campbell, freestyle, ranks second in the nation with the time of 2:17.2, beating out the Lake Worth, Florida, Club which was timed at 2:38.8. The Sacramento Elks team was first with 2:15.6.

Campbell and Scroggins also received mention in the magazine "Swimming World" for their activity at the Livermore Aqua Rodeo. Campbell captured a second in the 50 meter novice freestyle while Scroggins took first in the 50 meter novice breast stroke setting a new record of 44.3 for the event, and placed 5th in the 100 meter butterfly.

The Campbell Swim Club participates in A. A. U. swim meets in the bay area. Participants are boys and girls from 7 years of age and up. The next meet in which the club will participate will be one held at Chrystal Plunge in San Francisco on December 19.

Adult Council To Coordinate Youth Work In Cambrian

Final steps were taken Monday night toward the formation of an adult council to coordinate youth activities and services in the Cambrian-Union area.

Meeting in the Union District Community Building at Union Elementary School, the group approved with few revisions an organizational set-up drafted by a sub-committee.

Presiding was Don Findley, youth activities chairman of the Cambrian Park Improvement Association.

Leaders of youth groups, adult organizations and churches in the area will compose the council. Realizing that some interested organizations may have been unintentionally overlooked, the council is urging any other clubs or leaders of youth groups to join the council. Findley is acting as temporary chairman.

General purpose of the council is to act as a co-ordinating agency for all youth activities and services in the Cambrian-Union area; work to prevent overlapping or duplication in youth activities; to develop the community's youth program to fill in any gaps in present activities, and to study youth needs and programs in the community through appraisals, inventories, and fact-finding activities. The area covered will roughly include the parts most of Union and Cambrian Districts, such subdivi-

HUNDREDS ON HAND FOR \$200 AWARDS HERE

A crowd of 700 people gathered Thursday night at the Shell Station on the corner of Campbell and Central Avenues to be on hand for the drawing of the lucky numbers for the 200 new silver dollars given by the Campbell Merchants Stamp Association. G. E. Jeffers directed the drawings.

Officials of the Stamp Association considered the fact unusual that only one drawing for each prize was necessary. At many drawings, large numbers of tickets are drawn before a winner steps up to claim his prize.

Winners of the shiny, new dollars are Arlene Perusina of 14665 Kirk Avenue, Los Gatos, first prize of \$125; George Pozas of Rt. 2, Box 161, Campbell, second prize of \$50; and Frances Schaufel of 548 Apricot Avenue, Campbell, third prize of \$25.

Dahlias grow wild in the great Valley of Mexico.

sions commonly known as Cambrian Park, Mabium Gardens, Camden Gardens, Mirassou Park, Kings Acres, Union Gardens, Downing Estates, Carleton Park, Wilkinson Homes, Pulliam Manor, and the new Cambrian Park Estates; and any other closely allied areas as determined by the council.

Membership will include all active organizations within the defined areas.

Representatives from schools, juvenile agencies, and the county health service will be invited to attend.

Each organization will have one vote, one delegate and an alternate.
